

project update

The Main Place - Coleford

Client –	Gloucestershire County Council
Main Contractor –	Moss Construction
Architect –	Quattro
Services Value -	£400K

Coleford’s new community and youth centre was opened in 2010 to provide a new library, community hall, youth club, community office space and a day centre for the disabled.

Axiom Building Services Ltd has been delighted to be involved in this project and have provided all Mechanical & Electrical services including renewable energy and data.

The multi use nature of the building provided challenges and regular discussion with the various user groups enabled the project to be delivered within both programme and budget and proved to strengthen our already good relationship with the various parties involved.
